I have been asked to introduce the 1987 ECHO under the title of, 'Only the Good Times'. The yearbook staff provided several suggestions which included examples of the good times as seen through the eyes of students, teachers, administrators and other school leaders. They even suggested I should reminisce about my high school days. I truly appreciated all the advice, but I knew the words I needed to convey the 'Good Times' message.

When I was a high school student the 'Good Times' were defined narrowly. Our academic course selection was limited, there were only a few sports available and clubs were sponsored for a select group of students. The good times came as a direct result of being accepted by the 'in' group.

Today's students still seek to be accepted. However, students of today can experience many different opportunities, concentrate on participating in activities and strive to improve in each endeavor. The truly 'Good Times' come from having made choices, participated to the fullest extent of your capabilities and then to seek the next opportunity to explore. For Webster High School students, the 'Good Times' are now!

GOOD TIMES"**

SENIOR 'GOOD TIMES'

The high school years. They're called "turbulent times" by many, but are known by most as "the rock-

in'est times" of their lives. Only seniors have been through it all, so the question is asked: "What was your best 'Good Time' through the high school years?"

"Kansas City", Dru Anne Abernathy.

"On the ice sophomore year, finishing 4th at state; off the ice junior year, finishing 1st in the nation and partying at K.C.", Boy Chad Caruthers. "Running with K.K. to Mr. Hoffmann's class so we wouldn't lose credit", Marny Clement.

This Junior, Ted Haase, has learned to accept his lowly status among Seniors when he jumps into a senior candid.

BEING A SENIOR MEANS ...

... having your own car but not having a parking spot.

... wanting to attend a university but knowing you'll end up at Southwest.

... finally taking over the Roberts gym hall.

... long hours of contemplating a nasty senior prank.

... realizing you might actually miss a Friday night football game and sleeping through English class.

... remembering when school was a lot easier.

... being in the senior line dance.

... having a job but never having any \$s.

Can you calculate the angle of Tim Stephens' slouch in Physics class?

HOLD ON TO THE MOMENT

**Single file and yet together,
We have shared our greatest days.
And we carry common memories
In different ways.
We will cherish where we've been.**

**I want to cry.
I want to shout ...
Want to let this feeling out.**

**Hold on to the moment.
Let the feelings show.
Hold on to the moment.
Never let it go.**

**I can picture us together
With my arms around my friends.
Just let me hold on to this moment,
Before it ends.
There was laughter. There were tears.
Through our four glorious years.**

Good Time Kids

Those were the carefree days: no homework or deadline dates. Some of the best times were then, playing with Barbies and cars, riding Big Wheels and Trikes.

As children then, high school seemed so big. We never imagined getting this far. Those times have changed; we're seniors now. We have responsibilities, dreams and self-expectations.

It's fun to look back and remember those days. Times will keep changing as we grow older, but the past will remain for us to cherish forever.

So browse through the pages and guess who the pictures are; those fat-cheeked, cute kids are going to go far.

FALL SPORTS

VARSITY FOOTBALL

This year's Varsity Football Statesmen started the year with a lot of pressure on them. They were expected to live up to their three recent league championships. Although they could not capture the championship again, Coach Jones still feels they had a good year.

After realizing that the championship was no longer in reach, the Statesmen still worked hard and played tough, but the odds were often against them. At times it seemed whenever they got a big play it would be annulled by either a penalty or a fumble.

This year's defense, one of the best in the area, was led by defensive backs JIMMY FARRAR and VINCENT THOMPSON, and linebackers CHRIS ALT and MARK THORNHILL. The defensive line was anchored by ROBBIE ROBINSON, EARL COOKSON, and PAT McGuire.

On offense the team was led by quarterback TIM STEPHENS who threw for a school record 11 touchdown passes. Stephens' primary receivers were STEVE DAVIS, JASON McINTOSH and VONDELL JACKSON. On the ground the Statesmen relied on senior DAN EGGER to carry for the tough yardage.

Although the players expected to do better than their 5-4 overall record, the 1986 Football Statesmen achieved more positive than negative results.

VARSITY SOCCER

Finishing the year with nine wins, the 1986 Varsity Soccer Statesmen ended the season with the best record since 1982. Even with achieving this they weren't satisfied with their 9-13 record. Their goal for the season was to finish above the .500 mark.

The team lacked experience and a little luck. Much of the season was plagued by missed opportunities. With only five seniors on the team some of the season was spent finding out which player was right for each position. The offense was led by DANNY CONSIGLIO and DAVID TABSCOTT while co-captains BARRY JAYNES and COURTNEY WESTON headed the defense. JAYNES was voted the Most Valuable Player and senior DANNY BLACK was the most improved player award.

Although the team didn't meet their expectations they still feel they had a good year. Next year's team promises to be even better because of the success of the sophomore team which finished 13-2-3.

... the team feels they have great potential for next season.

The 1986 Co-Ed cross country team was relatively larger than it has been in previous years. With the new Freshman additions, the team feels they have great potential for next season. This year the team did quite well with sophomores EMILY JONES and SARA THORNE, qualifying for the sectional meet and junior ZACH AULT making it all the way to State. Other standouts on the team were morale boosters AARON SMITH and BILLY LaCHANCE.

Team members were satisfied with this season's efforts and look forward to next year. Senior WENDY WARFORD remarked, "This season has been a lot of fun and we've all developed a good sense of comradery." Fellow teammate PAUL WENTZIEN, a junior, also stated, "I think the team for 1987 has a bright future. I'm looking forward to see how well we can do."

Overall the 1986 Girls' Tennis Team had an average year, with a record of 3-5. It was a wet season with eight matches being rained out, but team members kept their spirit up. The highlight of the season was when doubles team, junior Heidi Prah and sophomore Corrina Gunter made it to State, but were knocked out in the finals 6-7, 6-7. Team members are confident about next season since many players will be returning. Teammates feel this year was a good learning experience and believe that next year will be a winning one.

VARSITY VOLLEYBALL

With four wins this year, varsity volleyball was much improved from last season. Knowledge of the game and the basic skills was much improved. The three seniors, **ANNE BOLLINGER, MARSHA BENNETT and LESLIE TIEMANN**, were major factors on the team. Next season, with a lack of height and experience, **COACH STALLINGS** will be looking to juniors **SUSAN BLOEMKE and KAREN WALLACE** to head the team.

COACH PHIL WOJAK summed up the season in one word — "disappointing."

Varsity Basketball

6'5 forward BRYAN LAWS goes up and over a Normandy player.

Three of Webster's starters, PAUL KING (top) DAVID NORLANDER (middle) and JEROME CHAMBERS (bottom) show their good free throw shooting form.

THOMAS ROBERTS' quick hands prove to be too fast for his U-City opponent.

The Varsity Basketball team started the year with a big question mark looming over them. Would they be able to play as well as the teams of recent years? Only the team knew the answer to that question, and it didn't take long for them to convince skeptics that they could definitely handle the pressure.

At the beginning of the season things looked bleak for the Statesmen. With only one returning starter the team definitely lacked experience. But, the Statesmen proved that hustle and aggressive play sometimes out weigh experience.

The next area of concern was their overall size. They lacked the height advantage of years past. This caused coach Tim Moore to change the Statesmen's game plan to one of speed and high pressure. For this he definitely needed some quick guards, Thomas Roberts and Dwayne Kemp. They both have excellent dribbling ability, good speed, and play intelligently. Next on Moore's wish list were two tough forwards. The names Jerome Chambers, a tough rebounding 6'4 junior, and David Norlander, a 6'3 senior with a nice jump shot, quickly came to mind. This left only one spot to be filled. That spot was, of course, already reserved by Webster's own 6'4 Mr. Basketball, Paul King.

At the end of the regular season the Statesmen were 19-6 and ranked 5th in the St. Louis Post Dispatch. They won the Meramec Tournament and were Suburban South Conference champions.

Despite the loss, Webster still holds a 40-27-5 lead in the T-Day series.

This year's musical "Guys and Dolls" was a huge success as usual.

Top: Senior KIM ELLIS shows pride in wearing orange and black on Color Day. Bottom: Seniors BRENDA GILMORE, KELLIE FELDMANN, MATT McDOWELL and GINGER FLETCHER hold on to the bell for one last moment.

TURKEY DAY 1986

The football team suffered a heart-wrenching loss to Kirkwood in the Turkey Day game, losing 19-16 in overtime.

A questionable call in the first half, which denied the Statesmen the extra point after a touchdown changed the outcome of the game.

With the score 13-6 in favor of Kirkwood, Tim Stevens found Vondel Jackson again, this time on a pass-and-run play that covered 77 yards and gave the Statesmen a 13-13 tie just under four minutes left to play.

As if the game needed any extra drama, it's overtime.

In overtime in Missouri each team gets four cracks to score from the 10 yard line. Webster's Nathan Booth went 5 yards on first down, but the next two runs gained just 2 yards. Mark Arondale, whose extra point sent the game into overtime, then made a 20-yard field goal that gave the Statesmen a 16-13 lead.

Kirkwood then had its turn. The Pioneers almost lost the game on their first play when Derrick Scott fumbled a pitch from quarterback John Mather. Scott recovered the ball, but lost 4 yards. Kirkwood then rallied for a touchdown, on fourth down and inches, to win the game 19-16.

Despite the loss, Webster still holds a 40-27-5 lead in the series.

PEP ASSEMBLY

The 1986 Turkey Day assembly was described by many as the best one yet. With "Movies" as the theme you could walk down the halls and find characters such as Freddie Kruggar, The Terminator, Donald Duck, Barney Rubble and even Winnie the Pooh. All the decorations were made by Senior SSC, Sophomore SSC, Pom Pon's, and Cheerleaders. The senior line dance featured "On Broadway," "Walk This Way," and "Louie, Louie."

Above: The Marching Statesmen show they can keep a pep assembly lively and exciting.

"The Pep assembly was fast-paced, spirited, and loud — the best we've had in years." Ms. Martha Lane, Senior SSC sponsor

"The senior line dance was the best I've ever seen." Ms. Mary Ellen Mognan, Senior SSC sponsor

"The Sophomore class should be commended for the fine job of organizing and executing the Pep assembly. The decorations were great, rented sound system greatly added to the clarity of the program, and the fans enthusiasm was spectacular. The line dance was great! The dance was well rehearsed and performed. Eighty-seven showed a lot of class." Ms. Pat Voss, Assistant Principal

T-DAY ACTIVITIES

FRIENDSHIP DANCE

Turkey Day is a traditional time when spirits run high and rivalries are fierce. After the game both schools jointly attend the Friendship Dance to bury the hatchet for the night. The dance was at Kirkwood this year since the game was at Webster. Later during the night, both schools announced their Friendship Queen. The Webster Friendship Queen was NICOLE TUCKER nominated by Students for Awareness and Action (SAA). "GUYS AND DOLLS"

Guys and Dolls opens to a Broadway scene and quickly introduces Sky Masterson, the "bet on anything" gam-

bler; Nathan Detroit, the organizer of a floating crap game in New York; Miss Sarah Brown of the Save-a-Soul Mission on Times Square; and Miss Adelaide, the main attraction at the Hot Box nightclub whose

psychosomatic cold stems from being engaged to Nathan for 14 years.

If Nathan can raise \$1000 he can get a place to hold his game. The town is full of anxious crapshooters looking for action. He hits

Distributive Education identifies a program of instruction which teaches marketing, merchandising and management. DECA-Distributive Education Clubs of America-identifies the program of student activity relating to Distributive Education and is designed to develop future leaders for marketing and distribution.

Objectives are (1) to develop education in marketing and distribution which will contribute to occupational competence, and (2) to promote understanding and appreciation for the responsibilities of citizenship in our free, competitive enterprise system.

DEBATE

Ms. Kay Wojak, Sponsor

Though Debate is an activity, it is also a class. Although it is not required that the debaters debate during the second semester, most members of the debate team have decided to help coach Wojak perpetuate a debate team for future WGHS debaters by debating second semester. The 1986-87 Debate Team strived to achieve his season. In the greater Saint Louis finals Sara Sallenbach took eighth place, Rebecca Carlson took ninth, and Richard Gowan took eleventh, out of nearly eighty students. The WGHS Debate Team was ranked eighth in Saint Louis.

This years WGHS Debate Team consisted of novice team debators, Terri Austin and partner Sarah Lloyd, Dana Barron and partner Jennifer Smutz, Tracy Moriarty and partner Karen Wallace and varsity debator Samantha Richert who debated with Zoe Briggs and Jennifer Huguenin who were on the team last year. This year's Lincoln Douglass debators were varsity debators Rebecca Carlson, Sara Sallenbach and Wendy Warford, and novice debators Richard Gowan and Brock Lodde.

This years team put all of its effort into gaining points in the National Forensic League (The official debating organization for all high schools). The team attended a total of four weekend tournaments and five Tuesday night meets. In order to keep the WGHS Debate Team in the NFL, the team must earn a specific amount of points for debating in a certain period of time. All of the team members strived hard to help coach Kay Wojak reach this goal.

The Debate Team flash their winning smiles. First row: Karen Wallace, Tracy Moriarty. Second row: Samantha Richert, Dana Barron, Coach Kay Wojak, Sarah Lloyd, Jennifer Smutz. Third row: Rebecca Carlson, Sara Sallenbach, Brock Lodde and Richard Gowan.

Thespians Troup 191 — Mr. Ron Kenney, Sponsor

What does it take to be a Thespian? This group is made up of Webster Groves High students who have worked on school productions for at least one hundred hours, either on stage or behind the scenes. The understudies undergo an initiation, where they're required to wear the traditional beanie for a week. After their trial period, a ceremony is held where the beanies can be removed and a certificate is received designating membership.

Public Affairs Club

The purpose of the Public Affairs Club is to help students become better informed about vital issues facing the people of the world.

During the first semester the Public Affairs had two lectures followed by discussions on terrorism and how foreign countries view the United States. Second semester consisted of a lecture and discussion on apartheid. Visuals were shown on all three topics and guest speakers spoke.

Club membership is open to all classes. However, in order to be a member a student must have a C average and be recommended by either a Social Studies or an English teacher.

Canned Food Drive . . . Christmas 1986

The 1986 Webster Groves High School Canned Food drive was once again, a big success. In fact, it was the largest collection in the history of Webster High. In the past, first hour classes collected cans. This year, with the new advisement program, all collections were made in advisement. Both top winners were freshman advisements. Ms. Kay Wojak and her advisement came in first with a total of 2,351 cans. A close second was Mr. Larry Horak's advisement with 2,252 cans. A total of 12,652 cans were collected this year. Last year only 6356 cans were collected. The canned goods were delivered to Emmanuel Episcopal, Douglas Manner and Webster-Rock Hill Ministries.

ECHO Newspaper

The Echo newspaper, led by Editor-in-Chief Debbie Eade and Co-editors Jennifer Reed and Matt Watkins, took on a new look this year.

The paper utilized the Media Center in the design and production of its new nameplate and page headers.

Staff members are responsible for the entire paper; writing and typing their stories, selling ads, and constructing page layouts are among the tasks performed by the students in producing the monthly paper.

The staff is also responsible for the paper's content. "The diversity of people on the staff added to the variety of stories in the paper", said Matt Watkins.

Most staff members enjoy their time spent as "cub reporters". "We learn a lot more about the school (than other students) . . ." said Shannon Munie.

The Echo advisor, B.A. Brady, feels that being on the staff is "a chance to develop a sense of responsibility and commitment. It's more like a job than a class", she added.

Upper right: Waxed copy must be cut to fit the page, as shown by Co-editor Matt Watkins. Near right: John Yonker looks up while he crops a photo for a better composition. Far right: Echo advisor B.A. Brady looks over stories before they go to the typesetter.

ECHO Yearbook Staff

The staffers of the 1987 ECHO yearbook have assembled only some of the Good Times that occurred in the halls, on the fields, and in the classrooms of Webster Groves High this year. A lot of hard work went into these pages, all 176. Each staffer was responsible for their own layouts, pictures, quotes and copy. There is a lot of individual as well as group talent in the pages of this book. We hope you enjoy it now and for years to come. Mr. Hoffmeister and the ECHO staff had a 'good time' putting this book together.

**Jennifer Fox
1969-1986**

Although my contact with Jenny was brief, I was touched by her loyalty to her friends and family and her sense of caring about the needs of others. She was straight and open and had a sense of self unique for one so young. It is unfortunate that so few of us had an opportunity to know her.
